

TAELLN411

Address Adult Language, Literacy and Numeracy Skills

If you already have your TAE40110 Certificate IV in Training and Assessment, you need to ensure that you have attained competency in addressing adult language, literacy and numeracy skills to meet the requirements of the new TAE40116 qualification.

This unit gives you a greater ability to support students throughout their learning journey by introducing you to the core language, literacy and numeracy (LLN) demands of training and assessment so you'll be able to tailor training and assessment to suit individual skill levels, including accessing relevant support resources.

Course Content

- Analyse LLN requirements of training context
- Determine the LLN skill of the learner group
- Select and use resources and strategies to address LLN requirements
- Access specialist LLN support
- Evaluate effectiveness of learning support and assessment strategies in addressing LLN requirements

Course Code

TAELLN411
